## **General Information On Condominiums**

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

## **Operation of the Condominium Project**

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

### 3. CREATION OF THE CONDOMINIUM AND CONDOMINIUM DOCUMENTS

A condominium is created by recording in the Bureau of Conveyances (Regular System) or filing in the Office of the Assistant Registrar of the Land Court, or both, a Declaration of Condominium Property Regime, a Condominium Map and the Bylaws of the Association of Unit Owners. The Condominium Property Act (Chapter 514B, HRS), the Declaration, Bylaws and House Rules control the rights and obligations of the unit owners with respect to the project and the common elements, to each other, and to their respective units.

#### 3.1 Declaration of Condominium Property Regime

The Declaration of Condominium Property Regime contains a description of the land, buildings, units, common interests, common elements, limited common elements, and other information relating to the condominium project.

Bureau of Conveyances	June 26, 2006	2006-119619

##### Amendments to Declaration of Condominium Property Regime

Land Court or Bureau of Conveyances	Date of Document	Document Number
Bureau of Conveyances	December 5, 2007	2007-219111

#### 3.2 Bylaws of the Association of Unit Owners

The Bylaws of the Association of Unit Owners govern the operation of the condominium project. They provide for the manner in which the Board of Directors of the Association of Unit Owners is elected, the powers and duties of the Board, the manner in which meetings will be conducted, whether pets are prohibited or allowed and other matters that affect how the condominium project will be governed.

### 3.4 House Rules

The Board of Directors may adopt rules and regulations (commonly called "House Rules") to govern the use and operation of the common elements and limited common elements. House Rules may cover matters such as parking regulations, hours of operation for common facilities such as recreation areas, use of lanais and requirements for keeping pets. These rules must be followed by owners, tenants, and guests. They do not need to be recorded or filed to be effective. The initial House Rules are usually adopted by the Developer. Changes to House Rules do not need to be recorded to be effective.

## 4. CONDOMINIUM MANAGEMENT

### 4.1 Management of the Common Elements

Management of the Common Elements: The Association of Unit Owners is responsible for the management of the common elements and the overall operation of the condominium project. The Association may be permitted, and in some cases may be required, to employ or retain a condominium managing agent to assist the Association in managing the condominium project.

The Initial Condominium Managing Agent for this project is (check one):

<input checked="" type="checkbox"/>	Not affiliated with the Developer
<input type="checkbox"/>	None (self-managed by the Association)
<input type="checkbox"/>	The Developer or an affiliate of the Developer
<input type="checkbox"/>	Other (explain)

### 4.2 Estimate of the Initial Maintenance Fees

Estimate of the Initial Maintenance Fees: The Association will make assessments against your unit to provide funds for the operation and maintenance of the condominium project. If you are delinquent in paying the assessments, a lien may be placed on your unit and the unit may be sold through a foreclosure proceeding. Initial maintenance fees are difficult to estimate and tend to increase as the condominium ages. Maintenance fees may vary depending on the services provided.

Exhibit E contains a breakdown of the estimated annual maintenance fees and the monthly estimated maintenance fee for each unit, certified to have been based on generally accepted accounting principles, with the Developer's statement as to when a unit owner shall become obligated to start paying the unit owner's share of the common expenses.

### 4.3 Utility Charges to be Included in the Maintenance Fee

If checked, the following utilities are included in the maintenance fee:

<input checked="" type="checkbox"/>	Electricity for the common elements
<input type="checkbox"/>	Gas for the common elements
<input checked="" type="checkbox"/>	Water
<input checked="" type="checkbox"/>	Sewer
<input type="checkbox"/>	TV cable
<input checked="" type="checkbox"/>	Other (specify): Rubbish removal

### 4.4 Utilities to be Separately Billed to Unit Owner

If checked, the following utilities will be billed to each unit owner and are not included in the maintenance fee:

<input checked="" type="checkbox"/>	Electricity for the Unit only
<input type="checkbox"/>	Gas for the Unit only
<input type="checkbox"/>	Water
<input type="checkbox"/>	Sewer
<input checked="" type="checkbox"/>	TV cable

<input checked="" type="checkbox"/>	The sales of units in this project are subject to the Owner-Occupant requirements of Chapter 514B.
<input type="checkbox"/>	Developer has designated the units for sale to Owner-Occupants in this report. See Exhibit <u>N/A</u> .
<input checked="" type="checkbox"/>	Developer has or will designate the units for sale to Owner-Occupants by publication.

### 5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The purchaser's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.

<input checked="" type="checkbox"/>	There are <u>no blanket liens</u> affecting title to the individual units.
<input type="checkbox"/>	There are <u>blanket liens</u> that may affect title to the individual units.

<u>Type of Lien</u>	Effect on Purchaser's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance

### 5.4 Construction Warranties

Construction Warranties: Warranties for individual units and the common elements, including the beginning and ending dates for each warranty (or the method of calculating them), are as set forth below:	
Building and Other Improvements: See Page 13a	
Appliances: See Page 13a	

Building and Other Improvements:

The Developer will enter into an agreement with the general contractor for the Project whereby the contractor will agree to issue for the benefit of the Developer and purchasers the customary warranty to correct any work found defective within one (1) year after the date of substantial completion of the work (as such terms are defined in the construction contract) ("Contractor's Warranty"). The Developer does not make this warranty but merely passes on the Contractor's Warranty to Purchaser and the Association. The Developer's obligations with respect to any defects will be limited to assisting the Purchaser and or the Association in presenting to the contractor any claims based on such warranty, it being understood that such Contractor's Warranty is limited to any defects reported in writing to Seller within the first year following the date of substantial completion of the work. Any claims by Purchaser, Seller and/or the Association against a contractor for construction defects, as such terms are defined in Hawaii Revised Statutes, Chapter 672E ("Contractor Repair Act"), shall be made in accordance with the provisions of the Contractor Repair Act. Purchaser shall provide Seller with a copy of all written notices which Purchaser provides to the contractor and all responses which Purchaser receives from the contractor pursuant to the Contractor Repair Act. The Developer shall assign to Purchaser, without recourse, the Contractor's Warranty and any subcontractor's or materialman's warranties that the contractor may have secured for the benefit of purchasers.

Appliances:

In addition, Seller shall assign to Purchaser, without recourse, any manufacturer's or dealer's warranties covering the furnishings and appliances in the Units.

## 5.5 Status of Construction, Date of Completion or Estimated Date of Completion

### Status of Construction:

Construction of Building No. 4 is expected to commence in April, 2008 and is currently expected to be completed in June, 2009. Please note that these dates are estimates only and the actual dates of commencement and completion may vary.

Completion Deadline: If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.

Completion Deadline for any unit not yet constructed, as set forth in the sales contract:  
Within two (2) years from the Effective Date of the Sales Contract.

Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract:

## 5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

### 5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance

☐

The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project.  
If the box to the left is checked. Sections 5.6.2 and 5.7, which follow below, will not be applicable to the project.

### 5.6.2 Purchaser Deposits Will Be Disbursed Before Closing

Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):

☒

For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or

☐

For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.

In connection with the use of purchaser deposits (check Box A or Box B):

<p><b>Box A</b></p> <p><input type="checkbox"/></p>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><b><u>Important Notice Regarding Your Deposits:</u></b> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
<p><b>Box B</b></p> <p><input checked="" type="checkbox"/></p>	<p>The Developer has <b>not</b> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <b><u>Important Notice Regarding Your Deposits</u></b> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <b><u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u></b> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <b><u>Important Notice Regarding Your Deposits</u></b> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

**Material House Bond.** If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

## 5.7 Rights Under the Sales Contract

Before signing the sales contract prospective purchasers should carefully review all documents relating to the project. These include but are not limited to the documents listed below. Items 2, 3 and 4 are made a part of this public report, as well as Item 5, if any, and are being delivered to you with this report.

## 5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

### 5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

(1) The purchaser has signed the sales contract.

(2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.

(3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.

(4) The purchaser does at least one of the following:

(a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or

- (b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or
- (c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

### **5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed**

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

### **5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change**

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- 1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

## **6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT**

The developer has entered into an Agreement dated April 12, 2006 and recorded in the Bureau of Conveyances of the State of Hawaii as Document No. 2006-078067 with the County of Hawaii to offer 20% of the Units in the Project (twenty-one (21) Units) in accordance with the County of Hawaii requirements relating to affordable housing. The developer does not currently intend to offer any units in the Building No. 4 pursuant to this Agreement.

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

## EXHIBIT   A

### PHASING OF PROJECT

Pursuant to Section N.2 of the Declaration, the Developer has reserved the right to develop the Project in phases, with the phase being covered under this Public Report being comprised of Building No. 4. The Developer is under no obligation to construct any Units in the Project unless such Units are covered under a Public Report and the Developer has entered into binding sales contracts, obligating it to construct such Units. The Developer may amend the description of any Unit described in the Declaration at any time prior to obtaining a Public Report covering such Unit. As part of such development in phases:

(A) The phases are to be developed on one lot covered by a single declaration, with a number of phases located on the lot.

(B) The Developer may file separate Public Reports for any phase of the Project with the Real Estate Commission of the State of Hawaii.

(C) The site work and improvements for the Project may be undertaken in phases. The site work and improvements in future phases are not integral to those earlier built.

(D) The Developer does not plan to complete the recreational facilities until three (3) of the seven (7) residential buildings proposed for the Project have been constructed. Please be advised that there is no guaranty that the developer will complete construction of three (3) of the seven (7) residential buildings and, therefore, there is no guaranty that the recreational facilities will be completed; provided, however, that if three (3) of the seven (7) residential buildings have been completed, then the developer will construct the recreational facilities

(E) Each Unit's share of the Common Expenses shall be calculated from time to time based on the number of Units which have been constructed. Each Unit's share of the Common Expenses shall be calculated based on a fraction, the numerator of which shall be such Unit's Common Interest set forth in Exhibit B to the Declaration and the denominator of which shall be the aggregate Common Interest set forth in Exhibit B to the Declaration of all Units for which a Certificate of Occupancy has been issued.

For Building No. 4 of the Project, each Unit's share of the Common Expenses following the issuance of a Certificate of Occupancy for such Unit shall be as follows:

Unit No.	Common Interest	Share of Common Expenses
411	1.057 %	7.22 %
412	1.424 %	9.72 %
413	1.424 %	9.72 %
414	1.057 %	7.22 %
421	1.036 %	7.07 %
422	1.385 %	9.46 %
423	1.385 %	9.46 %
424	1.036 %	7.07 %
431	1.036 %	7.07 %
432	1.385 %	9.46 %
433	1.385 %	9.46 %
434	1.036 %	7.07 %

As Certificates of Occupancy are issued for additional Units in the Project, the shares of Common Expenses for the foregoing Units will be adjusted to reflect the additional Units.

(F) In order to carry out the provisions of, or exercise the rights, powers or privileges reserved in, Section N.2 of the Declaration, the Developer may file amendments to the Declaration, Bylaws and/or Condominium Map for the Project to describe any changes to the Units or Buildings or Common Elements therein described at any time, notwithstanding the lease, sale or conveyance of any or all of the Units in the Project, and

the Developer may execute, file and deliver any such amendment to the Declaration, Bylaws and/or the Condominium Map for the Project and to such Unit Deeds as may have been issued, and any and all other instruments necessary or desirable.

**SUMMARY OF SALES CONTRACT**

The specimen Sales Contract, filed with the Commission, provides for, among other things, a description of the Unit to be sold, the purchase price, the closing costs, the time, manner and place of payment, the Purchaser's obligations regarding financing, the Seller's warranties and disclaimers regarding the Condominium Map and the Project, and the remedies of the Seller and of the Purchaser in the event of a default under the Sales Contract.

Among other provisions the specimen Sales Contract provides:

1. That the Sales Contract shall be binding when: (a) Seller delivers to Purchaser (i) a true copy of the Public Report with an effective date issued by the Real Estate Commission and all amendments thereto, and (ii) the Notice of Right to Cancel; and (b) Purchaser either (i) affirmatively waives Purchaser's right to cancel the Sales Contract, or (ii) is deemed to have waived the right to cancel.

2. The Seller has entered into an Escrow Agreement with Old Republic Title & Escrow of Hawaii, Ltd. ("Escrow"), covering the deposit with the Escrow of all funds paid by the Purchaser under the Sales Contract and the disbursement of the funds by Escrow. In the event that a purchase contract is cancelled, Escrow may charge a cancellation fee on account of escrow services performed not to exceed \$250.00.

3. The Sales Contract requires the Purchaser to pay the total purchase price by a series of payments prior to Closing, as follows: Purchaser shall make a deposit when Purchaser signs the Sales Contract. The balance shall be due on or before closing.

4. The Sales Contract provides that all deposits will be held in Escrow in interest bearing accounts with all income derived from said account, and all interest paid thereon, credited to the account of Developer. Purchaser understands that the Escrow Agreement provides that Purchaser's Deposit may be disbursed prior to Closing to pay costs of developing and constructing the Unit and the Project provided that Developer has filed the necessary documentation with the Real Estate Commission pursuant to Hawaii Revised Statutes Section 514B-92, has obtained an effective date for an amended public report and provides Purchaser with a copy of such amended public report.

5. The Sales Contract provides that closing costs and expenses shall be allocated as follows: Seller shall pay 60% of the premium for the Title Policy, the cost of drafting of conveyance documents, Seller's notary fees, conveyance tax, and 50% of escrow fees. Purchaser shall pay 40% of the premium for the Title Policy, and any additional costs relating to the issuance of extended coverage policy (including a lender's policy), the cost of drafting of any revisions or addenda to the purchase contract, the cost of obtaining Purchaser's consents, if any, Purchaser's notary fees, all recording fees, 50% of escrow fees, and any mortgage fees, and Hawaii General Excise Tax.

6. The Sales Contract provides that Seller shall complete construction of the Project so as to permit normal occupancy of the Unit covered by the Sales Contract within two (2) years from the date that the Sales Contract becomes binding upon Purchaser; provided, however, that such two (2) year period shall be extended for any period of time during which Seller is actually and necessarily delayed in beginning or completing construction if such delay is caused by fire, earthquake, act of God, the elements, war or civil disturbances, litigation, strikes or other labor disturbances, or economic controls making it impossible to obtain the necessary labor or materials, or any other matter or condition beyond Seller's control.

7. The Sales Contract provides that the description of the improvements constituting a Unit ("Unit Specifications") shall be negotiated between Seller and Purchaser and will be attached as an exhibit to the Sales Contract.

8. The Sales Contract provides that it may not be assigned by Purchaser, in whole or in part, without the prior written consent of Seller which consent may be withheld by Seller in its sole and absolute discretion. Any assignment of the Sales Contract made without Seller's written consent is void and of no legal effect. Notwithstanding the foregoing, Purchaser may assign its rights under the Sales Contract to affiliated entities for estate planning purposes without the consent of Seller, provided that any such assignment shall not release Purchaser from its obligations under the Sales Contract.

9. The Sales Contract provides that any dispute by or between Seller and Purchaser arising out of or incident to the Sales Contract, or the development or management of the Project, the sale of the Unit or the use or occupancy thereof, or any other aspect of the relationship between Seller and Purchaser regarding the Project which is raised or otherwise asserted after the Closing shall be submitted to mediation and, if necessary, to arbitration in accordance with the terms, conditions and procedures set forth in the Sales Contract. The Sales Contract also provides that any dispute by or between Seller and Purchaser arising out of or incident to the Sales Contract that is raised or otherwise asserted before Closing need not

be submitted to arbitration, and Seller and Purchaser shall be free to pursue such dispute, as otherwise provided herein, in proceedings in a court of competent jurisdiction, provided that any judicial proceedings initiated shall be conducted in Honolulu, Hawaii. Notwithstanding the foregoing, claims by Purchaser, Seller and/or the Association against a contractor for construction defects, as such terms are defined in Hawaii Revised Statutes, Chapter 672E ("Contractor Repair Act"), shall be handled in accordance with the provisions of the Contractor Repair Act. The dispute resolution procedures set forth in the Sales Contract shall be modified as necessary to comply with the provisions of the Contractor Repair Act.

The foregoing is only a summary of some of the key terms of the Sales Contract. It is incumbent upon a prospective Purchaser to read the full text of the Sales Contract with care.

The Escrow Agreement provides in part that any interest earned on money on deposit shall be paid to the parties in accordance with the terms of the Sales Contract. The foregoing is only a summary of some of the key terms of the Escrow Agreement. It is incumbent upon a prospective Purchaser to read the executed Escrow Agreement with care.
